The Order of the Business Hall of Fame

Canada's Highest Business Honour

The Canadian Business Hall of Fame celebrates the lifetime accomplishments of Canada's most distinguished business leaders. Since 1979, over 170 business leaders have been bestowed with Canada's highest business honour.

Each year, Inductees are chosen as Companions of the Order of the Business Hall of Fame and receive the post-nominal designation C.B.H.F. to honour their enduring contributions to the economic development and prosperity of Canada.

As leading examples of achievement in business and in life, these individuals have demonstrated the qualities necessary to ensure the success and competitiveness of Canada in a global marketplace. As Companions, they are mentors and role models for JA youth who represent Canada's future leaders.

Inductees are selected by an independent Selection Committee representing Canada's foremost business, academic and media institutions. Through a public call for nominations, candidates are submitted to Lee Hecht Harrison Knightsbridge, and presented for consideration to the Selection Committee.

JA Canada

Turning Today's Students into Tomorrow's Leaders

JA is the largest non-profit organization in the world dedicated to inspiring and preparing youth to succeed in a global economy. For over 50 years, JA learning experiences have helped young Canadians discover leadership, financial literacy, entrepreneurship and work readiness skills.

Each year, JA reaches students across the country with programs being delivered by dedicated volunteers from the business community. Over 4 million Canadian youth have participated in a JA program since 1955.

JA bridges the gap between education and the world of work by giving youth the confidence and knowledge they need to define personal success, enhance their work readiness and pursue their dreams. Available across the country, JA's programs enable students to learn first-hand from experienced local business leaders and gain the practical knowledge to help them prepare for their future careers. Acquiring and practicing business skills gives students the confidence needed to define personal success, gain financial responsibility and become contributing members of the workforce.
